Credit Card Verification Number

Our bank requires us to ask that you also include your credit card verification number along with your credit card number. If the verification number cannot be supplied, we will need to add an additional \$35 service charge to the registration fee.

What is a credit card verification number?

The verification number is a 3 or 4-digit number printed on the back of your card. It appears after and to the right of your card number.

Purchase Order Information

As a method of payment, we could invoice you if you supply a valid purchase order number from your company. With this purchase order number, we will submit an invoice back to you for payment.

Please note that payment needs to be received prior to the class start date. This method of payment is not recommended if you are unsure how long payment processing will take.

Direct Deposit Payment

If you would like to pay via direct deposit, please let us know and we will give you the necessary information.

Group Discounts

Group discounts available for groups of 5 or more.

Cancellation Policy

Substitutions may be made at any time prior to the first day of seminar. However, student cancellations will be refunded for the full amount minus a \$150USD cancellation fee if the cancellation is received by Thursday of the week prior to the seminar start date.

If for some reason Enterprise Performance Strategies, Inc needs to cancel the workshop, we will refund the full amount of the registration fee. Workshop is subject to cancellation if less than 5 registrations are confirmed 20 days prior to class start date. Full refund of workshop registration fee is guaranteed.

Additional Information

Please remember, if you need any help registering, or have any questions about the class or travel logistics, please do not hesitate to contact us.
